AD ARBITRIUM

Hello, I am Kamas. I am a big fan of Brave Story who hopes to see this awesome series to a fitting end after it's premature end in the west.

It wouldn't be a stretch to say it was due to a lack of the support it should've gotten. As such, I would like to keep at the forefront of everyone's minds that it is important to support our favourite authors and artists by purchasing their content, when possible.

If anyone gets around to buying Miyabe's or Ono's content at all, please send in a picture! It would motivate me a lot more.

Regards,
Kamas
